## GENERAL RULES

Members and students are forbidden to play on equipment at any time without instructor's permission. Students who fail to carry out the instructions of any instructor, will be given the opportunity to explain their reasons for failing to do so. If the reason is simply disobedience, then they will be asked to sit out for the remainder of the session. Students will be told when to get a drink or to take a break. They must not do so unless directed by an instructor. Students are not permitted to eat whilst training. Students must ask to go to the toilet. They are not permitted to walk away from training without first asking the permission of the instructor in charge. Students are always expected to show respect for their surroundings and others.

The school manager / instructor reserves the right to exclude a student from the school should his/her behaviour prove to be disruptive or offensive to other members. Wilful damage to the school's equipment or building will be charged to the members, parents/guardian. Bullying will not be tolerated in any circumstances and permanent exclusion is the likely outcome for a persistent offender.

## CLOTHING, PERSONAL APPEARANCE & HYGIENE

Members can only train if they are suitably dressed and therefore members and parents are required to adhere to our dress code which is full SKMA Uniform. If any circumstances that you did not bring a uniform, please inform an instructor in advance. Beginners or newly joined members can wear any tracksuit bottom and t-shirt until purchasing a uniform. **Do not wear any other martial arts uniform at training unless the instructor agrees.**

In a Dojang (Gym), personal Hygiene is very important! No one wants to train with unhygienic person. Make sure that you have proper hygiene before coming on the mats. Make sure that you keep your fingernails and toenails trim and neat all time. **Smell nice** – There is nothing worse than having to train with someone that has bad body odour. Do your partner a favour and make you are not smelling bad.

It is essential to remember that jewellery is not permitted to be worn at any time unless it is unable to be removed, in which case it must be taped and covered sufficiently to eliminate any risk. With regards to medical/religious jewelry, some concessions can be made within the bounds of reasonable safety and should be discussed with the instructor. On safety grounds, no member is permitted to participate in class whilst wearing necklaces, be they religious or other.

If an instructor identifies a significant risk to the members or students, instructors or others, which cannot be controlled satisfactorily, then within the bounds reasonable safety, the member will not be allowed to participate. Legitimate health and safety concerns which contraindicate participation, will supersede any other considerations, be they religious, medical or other.

Failure to conform will prohibit the participation on the grounds of reasonable safety and may render the member's insurance invalid should an accident result directly from non-compliance.

**The News and Updates section on our website [www.skma.co.uk](http://www.skma.co.uk) and the notice boards in our Worcester Park Centre provide information for closures, results, reminders and other useful club news. Please be sure to check them regularly.**
